

WHAT IS EXPECTED OF EVERY NEW WALK GROUP OWNER

Groups Vision:

Making Disciples by Connecting Relationally, Growing Spiritually, & Doing Life Together.

Welcome to NEW WALK Groups!

Our groups are designed to provide a safe & healthy way to walk out our faith through the same actions Jesus modeled & set up for us!

When you fully engage in your group you should:

- **Connect Relationally:** Get to know each other by being authentically who you are and really listening to others.
- **Grow Spiritually:** Dig in to the Bible. Search out Wisdom & Knowledge and take steps in your Faith. No matter where you are, growing spiritually should be a top priority.
- **Do Life Together:** Support each other through life's ups & downs. Take action when the time is right, just like a close & loving family would! Think "give", not "take".

As a participant in this group, we ask that you become a Group "Owner" by making the Group a priority. You are asked to make the following commitments:

1. Attend each week, participate in group discussion and group events, and complete anything necessary to stay on pace with the group.
2. Make a genuine effort to build authentic relationships by respecting, encouraging, caring for, and praying for others in the group.
3. Participate in outreach projects with the group to better serve my community.
4. Create a strong level of trust within the group by keeping all things shared private and confidential. Honor others who are bold enough to be authentic.
5. Commit to the New Walk Groups vision of "Making Disciples by Connecting Relationally, Growing Spiritually, and Doing Life Together!"
6. Explore your next steps for spiritual growth.
